

PROGRAMME
9th Gaia Science Alerts Workshop, 8-10 October 2018, Vipava, Slovenia

	Name	Title	time
Monday 8.10.2018			
09:30	bus to Vipava, registration and coffee		90
11:00		Welcome by the organizers	15
11:15	Simon Hodgkin	Gaia Photometric Science Alerts: Status	45
12:00	Laurent Eyer	GAIA Variables and plans for DR3	30
12:30	lunch		90
14:00	Ashish Mahabal	ZTF and Gaia synergy for classification of sources	45
14:45	Michał Pawlak	The ASAS-SN survey	30
15:15	Steve Boudreault	PLATO Science Flux Alerts	20
15:35	coffee break		35
16:10	Anna Marciniak	Asteroid studies supported by Gaia	30
16:40	Lukasz Wyrzykowski	OPTICON network for time-domain astronomy	30
17:10	Pawel Zielinski	Cambridge Photometric Calibration Server 2.0	45
17:55	<i>end of day 1</i>		
19:00	wine tasting		
Tuesday 9.10.2018			
09:30	Simon Hodgkin	Gaia Marshall	30
10:00	Lukasz Wyrzykowski	Black holes with microlensing, introduction	30
10:30	Katarzyna Kruszynska	Photometric Gravitational Microlensing observed by Gaia	30
11:00	coffee break		30
11:30	Krzysztof Rybicki	Astrometric microlensing with Gaia	20
11:50	Zofia Kaczmarek	Lensing by intermediate-mass black holes in Gaia	15
12:05	Algita Stankevičiūtė	Astrometry with VLTI and GRAVITY	15
12:20	lunch break		100
14:00	Tanja Petrushevska	Lensed supernovae: the past and the future	20
14:20	Areg Mickaelian	Gaia DR2 and statistical analysis of the Catalogue of White Dwarfs	20
14:40	Valeria Grisoni	Chemical evolution models for the Milky Way thick and thin discs in the Gaia Era	15
14:55	Mihael Petac	The importance of Gaia mission for Dark Matter searches	15
15:10	coffee break		30
15:40	Andreja Gomboc	Energetic extragalactic transients	20
16:00	Katja Bricman	TDEs (TBC)	15
16:15	Mariusz Gromadzki	Highlights from Warsaw hunt for TDEs	20
16:35	Nada Ihanec	Gaia and OGLE TDE search	20
16:55	Fraser Lewis	Using Gaia Alerts and the Faulkes Telescope to Bridge Between Education and Research	15
17:10	Meredith Morrell	The Open University Contribution to Gaia Alerts Photometric Follow Up	15
17:25	<i>end of day 2</i>		
19:00	workshop dinner		
Wednesday 10.10.2018			
09:30	Franz-Josef Hamsch	highlights from 7 years on the ROAD (Remote Observatory Atacama Desert)	25
09:55	Tonny Vanmunster	will send later	25
10:20	Przemysław Mikołajczyk	Status of the Białkow observatory	20
10:40	Giuseppe Leto	INAF OACT facility in Sicily	15
10:55	coffee break		30
11:25	Michel Dennefeld	Results from OHP	15
